SUBJECT: Launch of Anticoagulant Sodium Citrate 4% solution, USP, 250mL in Canada

Dear Valued Customer,

We are excited to announce that Fresenius Kabi will be launching **Anticoagulant Sodium Citrate 4% solution, USP, 250mL in Canada** as of **August 28th, 2023**. This launch is part of our commitment to providing high-quality medical products to our customers and expanding our product range.

Our Sodium Citrate is a vital product used in conjunction with apheresis devices for the collection and preservation of blood and blood components. **Sodium Citrate 4% anticoagulant solution** comes in a 250mL bag and is designed to meet the strictest plasma donation standards in Canada. The bag is compatible with all apheresis devices in the industry.

We understand that you may have questions about our Sodium Citrate solution, including pricing and ordering information. We are happy to provide you with a quote for the product and answer any questions you may have about the ordering process. Please feel free to contact us at Canada_CustomerService@Fresenius-Kabi.com or 877-779-7760 ext. 5223, and one of our customer service representatives will be happy to assist you.

We are committed to providing our customers with the highest level of service and support. We look forward to the opportunity to serve you and provide you with the best possible products and service.

Thank you for choosing our company as your trusted supplier.

Sincerely,

Yvan Rousseau
